

Special Progress Report – June 2008
Addendum

- I. Mary Eldringhoff, a certified librarian, has been transferred from the Social Studies Department at the Wynn Middle School to the TMHS library. She will be serving on a full time basis at the high school.

- II. Currently, the case load for the three counselors other than the Department Chair is 315 students. A decrease of approximately 60 students in the incoming freshman class and the addition of college interns will further reduce the counselor/counselee ratio in the 2008-2009 school year.
